

> Where Safety Works

## Where Safety Works

- > to protect supply integrity and strengthen loss control.
- > to reduce accident occurrences and their associated costs.
- > to hire more skilled drivers and warehouse personnel.
- > to ensure your compliance programs are organized and current.
- > to develop more productive and safety-conscious employees.

Safeway Management Group is your complete Distribution and Transportation Safety Management resource for reducing risk and increasing safety. There are multiple points throughout your distribution and transportation operations that require expertise, dependability and strict adherence to regulatory standards. For over 10 years, Safeway Management Group has helped distribution centers across the country take control of their safety and compliance performance in these areas—resulting in lower accident occurrences, insurance premiums, personnel turnover and other problems.

*“We are committed to helping our clients make safety not only a top priority, but also a natural part of their day-to-day operations. “Where Safety Works” is more than an expression for us—it’s our goal for every program we develop for every client. And we always operate in an ethical manner within the parameters of all governing regulations and your corporate procedures. These are the values that define Safeway Management Group and they will never be compromised.”*

– Michael Franek, President

*“Safeway handles our on-site audits completely—  
they give me total peace of mind.”*

Safeway Management Group offers a comprehensive array of programs to ensure your company’s compliance with local, state and federal regulatory standards and to build a workforce that maintains a safety-first mindset in all aspects of their job responsibilities.

### > Transportation Safety

Our transportation safety program is geared to help you establish and effectively maintain safety guidelines and policies that are in compliance with Department of Transportation standards and Federal Motor Carrier Safety regulations.

- Plan Management and Administration
- Plan Development
- Accident Reporting
- Accident Loss Control
- Driver Qualification
- Drug & Alcohol
- DOT Compliance Audit

### > Quality Programs

Safeway quality programs help some of the most well-known food and restaurant brands in the world ensure food quality and supply integrity. If you’re a food manufacturer, food distributor or restaurant, our services need to be on your menu.

- Quality Control
- HACCP

### > Recruitment Outsourcing

Remote Transport Pro, our exclusive recruitment system, enables you to effectively manage the hiring and evaluation of driver and warehouse personnel candidates while centralizing all administrative functions.

- Recruitment Process
- Employment Agency

### > Workplace Safety

With our workplace safety and loss control program, you not only enhance your facility’s safety performance, but you can save money and increase employee productivity by reducing lost-time injuries and workmen’s comp losses.

- Plan Management and Administration
- Plan Development
- Injury Reporting
- OSHA Compliance

*“Safeway Management Group has been instrumental in helping our safety committees become more focused and motivated.”*

### > Document Control

We can help you access, organize and update all critical documentation that supports your compliance efforts. Our expertise has enabled our clients to significantly reduce or eliminate non-compliance fines, and be equipped and ready for customer audits and regulatory inspections.

- Plan Development
  - HR Procedures
  - Transportation Safety
  - Workplace Safety
  - Training Program
  - Drug & Alcohol
  - Corporate Plans
- Document Revision Integrity
  - Track changes to policies and procedures
  - Enable only “approved” changes

### > Training Programs

From employment marketing to specific job skill training, our curricula can be customized to topics and issues specific to your operations—so that you can reap the benefits of a safety-conscious, customer-oriented workforce that yields greater productivity and less turnover.

- Forklift Training
- HAZCOM
- Ergonomics
- Hazardous Material
- Reasonable Suspicion
- Defensive Driving
- Hours of Service
- Workplace Harassment
- Operational / OJT
- Drug & Alcohol

### > File Maintenance

Your employee files are not only important documents for payroll, work status and history, but they’re also controlled documents which require security and filing protocols. Safeway Management Group’s electronic filing system manages this critical process, keeping files current and in compliance.

- Personnel Files
- I-9 Files
- Driver Qualification Files
- Medical Files
- Drug & Alcohol Files (DOT)
